

Garden City Dermatology is proud to announce that we now carry the SiO SkinPad!

The SiO SkinPad is designed to be worn on the chest décolletage and fits women of all ages and body types. It is worn overnight, during which time it restores the natural, youthful beauty of the décolleté, while also helping prevent future wrinkles from forming. The SkinPad is made of pure medical-grade silicone and features an ultra-thin coating of adhesive, which allows the SiO SkinPad stay on the body.

We are offering a first-time special for a 1 month supply of the SiO SkinPads for \$40 (normally \$50). Get ready for summer with the “Décolleté-Smoothing Wonder Worker”!

Please call and inquire within to reserve yours while our supplies last!
